

## PERSONAL SAFETY & WELLNESS IN ONE MOBILE SOLUTION

### All-in-one Personal Safety Solution for Successful Aging

Our Personal Safety Response system puts you only a button press away from emergency help, wherever you may be. We provide an all-in-one mobile health, wellness and personal safety solution at a reasonable cost. It offers greater GPS location accuracy and improved microphone and speaker performance for crystal clear audio.

We can even offer family members and caregivers tools to track and share important health and activity information, allowing people to take charge of their health and keep families and caregivers engaged.

Your service is provided and supported by a local company, dedicated to you and ready to answer your questions and respond to your needs.

Advanced fall detection for 24/7 alerts to family and caregivers

Fully mobile for personal safety at home and on the go

Device and event notifications for keeping the family and caregivers informed

Water-resistant to 1 meter (3.3 ft) for 30 minutes. Designed to be worn in the shower

# Peace of Mind...

Whether for yourself or a loved one living independently, our state-of-the-art personal safety system provides the key link to emergency help when needed. In addition, our fall detector will activate a response automatically.

And it goes with you wherever you go, ready to transmit your location instantly in the event of an emergency.

In a recent years, nearly 1/3 of our citizens over the age of 65 experienced a fall, which is the leading cause of accidental death. Having an automatic fall sensor is an imperative feature and is critical to the well-being of seniors.

All of this protection at **less than half the cost** of national brands, and with no long term contract!

## The Details:
